PROJECTS

- **PORTFOLIO WEBSITE**

This is a portfolio website project. I have created my portfolio and published it on the Internet. To create this I have used various technologies like HTML, CSS, JAVASCRIPT, JQUERY, etc. The motive of this project is to help job seekers, bloggers to create their job profiles. It can be used as a freelancer to produce opportunities.

- **MILKYWEB WEBSITE**

This is a website that is based on the idea of an online business like buying and selling. And also it has a home delivery service.
It is also having a login and sign up page which will help users for a better experience.
